consultant directory 2010

*our objective is clear; we aim
to provide our patients with the
best medical treatment available
whilst being cared for by the best nursing
staff in the most comfortable surroundings*

Welcome to The New Victoria Hospital 2010 GP Referral Directory

This Directory has been produced to provide quick reference to the specialties and services offered at the hospital. The New Victoria Hospital is only one of a few in the country which remains independently owned, and we are proud of our long-standing reputation. We concentrate on providing our patients with advanced medical and surgical treatment, the highest quality nursing care and first class individual service all the way through from diagnosis to outpatient aftercare. We are recognised by all major health insurance companies.

The New Victoria Hospital is a BUPA Approved Breast Cancer Unit, Bowel Cancer Unit and MRI Unit.

The hospital has 28 individual patient rooms, all with en-suite facilities, free wi-fi connection, direct dial telephone, Sky TV and radio. In addition, we have a fully equipped 9 bedded Endoscopy Unit.

For further information please call 020 8949 9000

GP Educational Services

Seminars

We hold 3 GP Seminars each year. These take place at Warren House on Saturday Mornings and have proved most popular with talks on all of the latest trends and innovations within the medical profession. We provide you with a certificate of attendance as evidence of your continuing professional development. If you have any suggestions please do not hesitate to call our Marketing department. *Telephone 020 8949 9090*

GP / Consultants - Workshops

We will be organising these during evenings throughout the year and look forward to meeting you at one or more of these. More information will be provided to you during the course of the year.

For further information on the above please visit the GP section on our website www.newvictoria.co.uk

If you would like to receive information from The New Victoria Hospital or it's consultants via email then please register to enquiries@newvictoria.co.uk We can assure you that your email address will only be used by the hospital or its consultants.

Information and Services

Outpatient Details

The department is open: Monday to Friday 8:00am to 8:00pm

Saturday 8:00am to 4:00pm

To make an appointment with one of our consultants or with any of our clinics please refer to the directory for details.

Telephone 020 8949 9020

Fax 020 8949 9098

Email opdadministration@newvictoria.co.uk

Allergy Patch Testing

We provide a patch testing service run by one of our consultant dermatologists. This service requires 3 appointments and is carried out over 5 days. On the first visit one of our nurses will apply the patches. On the second visit they will be removed and on the third visit the patient will be seen by the consultant for an explanation of the results. **Patch testing is not carried out during pregnancy.** If you have a patient in whom you suspect contact dermatitis, please contact the Outpatient Department

Telephone 020 8949 9020

Colposcopy and laser treatment

We offer full facilities for detecting and removing pre-cancerous cervical lesions using lasers.

***Positive
frame of
mind***

*Positive
frame of
mind*

Dietetics

Our highly qualified Registered Dieticians specialise in gastrointestinal disorders, cardiovascular health, surgery and nutritional support. Prior to an appointment with a Dietician, patients will be asked to complete a food and symptom diary, this will enable a thorough assessment and help to identify any nutritional links to a diagnosis. They will assess, diagnose and treat any nutrition related problems, using the most up to date public health and scientific research on food, health and disease, enabling them to give patients practical guidance on appropriate lifestyle and food choices. You will be contacted after the appointment with a full nutritional report of their assessment.

Endoscopy suite

A fully equipped dedicated endoscopy suite with fully compliant decontamination facilities is available.

Fetal Medicine Clinic

The Fetal Medicine Clinic aims to provide the highest level of care in the field of prenatal diagnosis available in South West London. The specialists practicing in the clinic are Consultants at the world renowned Centre for Fetal Care at Queen Charlotte's & Chelsea Hospital or Kingston Hospital.

- Viability Scan
- Down's Syndrome Screening
- Detailed Anomaly Scan
- Fetal Wellbeing Scan
- 3D and 4D Scanning Service
- Chorionic Villus Sampling
- Amniocentesis
- Paternity Testing
- Further Specialised Procedures

For further information please visit our dedicated website

www.nvfetalmedicine.co.uk

To make an appointment please **telephone 020 8949 9031**

Information and Services

Fixed Price Surgery Scheme

For those patients who do not have Private Medical Insurance we offer peace of mind and an all inclusive price for a comprehensive range of operations and treatments. Prices are fixed before admission and, subject to our terms and conditions, guarantee the full cost of the treatment at The New Victoria Hospital. For further information please visit our website on www.newvictoria.co.uk

Haematuria Clinic

A clinic is held each week offering a comprehensive, multidisciplinary service, including Pathology tests, Ultrasound scanning, Imaging and Cystoscopy (as required). Results are available at the end of the visit. For an appointment please contact the Outpatient Department.

Telephone 020 8949 9020

One Visit Breast Clinic

The New Victoria Hospital is a BUPA Approved Breast Cancer Unit. Few things cause more anxiety in women than the discovery of a breast abnormality. At The New Victoria Hospital our aim is to provide as much information to patients and their families about breast cancer and the various, treatment and management options available. The care of Breast Cancer is undertaken by an excellent team comprising, Consultant Breast Surgeons, Breast Care Nurse Specialist, Consultant Radiologists and Consultant Oncologists ensuring every patient receives specialist individualised care. All of the team are available to help advise and support patients and their families at this very difficult time.

- Breast Awareness
- Breast Cancer Diagnosis
- Oncoplastic Breast Surgery
- Treatment Choices
- Types of Surgery
- Breast Reconstruction
- Sentinel node biopsy
- Skin sparing mastectomy

To book an appointment please call our outpatients department or fax a referral letter to the Breast Cancer Clinic on

Telephone 020 8949 9020

Fax Breast Cancer Clinic 020 8949 9098

Imaging Department

The equipment in our Imaging Department is of the highest standard and includes an MRI Scanner, 16 slice CT scanner, state of the art Ultrasound machines, Digital Fluoroscopy, Mammography, Bone Densitometry, Image Intensifier for use in theatres, and a mobile machine for use in patients' rooms.

- MRI
- CT
- Ultrasound
- Fluoroscopy
- Bone Densitometry (Dexa Scanning)
- Interventional Procedures
- Procedures for Frozen Shoulder, Tennis Elbow and other joint conditions
- Fetal Medicine including Paternity Testing, 3D and 4D Scans
- General X-Ray
- Mobile Imaging for Theatre and Patients Rooms

We aim to provide a fast and efficient service to you. Appointments are normally available within 24 hours and we aim to send you the report by fax in 24 hours. Normally all reports will be faxed direct to your surgery. Urgent reports can be given by telephone.

All our Imaging is reported on by Consultant Radiologists and all our Mammography is double reported by specialist Breast Radiologists.

Monday to Friday 8:00am to 8:00pm

Saturday 8:00am to 1:00pm

Telephone 020 8949 9030

Pain Management Clinic

Our pain relief clinic, is run by a senior consultant anaesthetist, who will on occasions consult with or refer on to a consultant psychiatrist or psychologist.

Patients with Private Insurance

The New Victoria Hospital is recommended by all major insurers and is on all of the major insurers' networks. Authorisation may be required so it is essential that patients contact their insurers before attendance.

Pathology

The pathology department is a well equipped and fully accredited modern facility, staffed by highly qualified and HPC registered Senior Scientific Officers. The department provides a comprehensive diagnostic service to all areas of the hospital and to Consultants and GP's. The Laboratory provides a 24 hour service. Most routine test results are available the same day, and can be telephoned or faxed. The department will accept requests on practitioners' own headed paper.

Physiotherapy plays a crucial role in the recovery of a broad range of musculo-skeletal problems and in managing/reducing the risk of potential re-occurrence. Range of services and treatments:

- Neck Pain
- Back Pain
- Shoulder Pain
- Knee Pain
- Ankle and Foot Injury
- Hand Therapy
- Sports Injuries
- Post-operative Rehabilitation
- Work Related Injury
- Arthritic Conditions
- Continance Problems
- Acupuncture
- Neuro-Rehabilitation
- Antenatal Physiotherapy Musculoskeletal Problems
- Postnatal Physiotherapy
- Pain Relief
- Antenatal Classes

Emergency appointments available, Consultation by appointment only

Monday to Thursday 8:00am to 8:00pm

Friday 8:00am to 6:00pm

Saturday 8:00am to 1:00pm

Urodynamics Clinic

Our urodynamic equipment is of the highest specification and the tests are carried out and reported on by experienced Consultant Urologists and or Urogynaecologists.

The following patients will benefit from urodynamics studies:

- Patients with mixed urine incontinence
- Patients with stress urine incontinence when conservative management has failed
- Women with urine incontinence and prolapse
- Patients with voiding problems
- Patients with previous history of incontinence surgery
- Patients with prostate problems

To book an appointment please call our outpatient department or fax a referral letter to the Urodynamics Clinic.

Telephone 020 8949 9020

Fax 020 8949 9098

Weight Loss Management Clinic

The New Victoria Hospital is pleased to offer a Weight Loss Management Clinic. This clinic is led by Mr Marcus Reddy an Upper GI Consultant, who specialises in Bariatrics and associated Plastic Surgery at St Georges Hospital. The clinic will include weight loss surgery and obesity management service, and post weight loss body contouring. A variety of options are available depending on individual needs and requirements. To book an initial consultation with Mr Marcus Reddy, please call our outpatient department.
